

SERVICE PRO®

FULL SYNTHETIC POWER STEERING FLUID

Formulated to meet the specific performance demands of Honda and Acura power steering systems. SP3015 has a higher viscosity than conventional power steering fluids providing superior protection.

Benefits:

- For Use in Honda/Acura Vehicles
- Stops Squeaks, Guards Against Leaks
- Exceptional anti-wear properties that help protect system
- Anti-foam agents help prevent pump cavitation
- Anti-oxidant properties that help stop the formation of sludge
- Excellent protection and performance in cold weather

Specifications:

- In 2007, Honda/Acura made changes to their power steering systems which demanded a synthetic fluid with more anti-wear protection, higher viscosity, and better seal compatibility. This fluid is backwards-compatible with older Honda/Acura power steering systems.
- Universal power steering fluids do not provide the necessary protection for Honda/Acura power steering systems model years 2007 and newer and may lead to seal or pump failure.
- This fluid is suitable for use in:
Honda/Acura P/N 08206-9002A
Honda PSF-2
Honda PSF Type S
Honda PSF Type V systems
